Commissioner:

In response to the undersigned's telephonic interview with the Examiner on May 12, 2004, and pursuant to M.P.E.P. § 713.04 and 37 C.F.R. § 1.133, and the Final Office Action mailed April 19, 2004, the undersigned respectfully submits the following remarks.

Introduction

The meaning of claim language "private network" was discussed during the interview. Agreement was not reached.

The Examiner maintains that (i) a LAN may be a private network, (ii) Kitai (U.S. Patent No. 5,948,069) teaches LANs, and (iii) the rejections relying in part or whole on Kitai are therefore proper.
